

**IN THE SPECIFICATION:**

Please delete the paragraph at Page 5 lines 24-32 and insert the following paragraph as amended:

Figure 2 shows a ~~prior-art~~ piloted airblast lean direct fuel injector arrangement 60, which is described in detail in US6,272,840, the teachings of which are incorporated herein by reference. However, the main features are briefly described where particularly relevant to the present invention. The injector arrangement 60 is generally annular and symmetrical about an injector axis 62 and is disposed at the upstream end of the combustion chamber 11.
